## EXPERIENCE

### Alembic — *Software Developer*

Mar 2020 - Dec 2020

Software consultancy in Sydney. I worked on the below client engagements:

**ScentreGroup** - retail marketplace platform.

**ClassSolver** - a SaaS platform for schools for automatically assigning school children to classes

**NFC Authentication** - a SaaS platform for supply chain tracking and traceability.

*Tech used: Elixir, Node & React (Typescript), GraphQL (Apollo client and server), PostgreSQL.*

### Expert360 — *Software Developer*

Aug 2017 - Mar 2020

Marketplace that connects consultants to companies from start-ups to leading organisations.

I migrated legacy PHP application logic to a new codebase.

I worked on consultant and project matching using Elasticsearch.

*Tech used: Elixir, GraphQL, React, Elasticsearch.*

### Macquarie Group, Sydney — *Client Support Analyst*

Oct 2010 - Dec 2016

### Macquarie Group, Sydney — *Audio Visual Technician*

Feb 2008 - Oct 2010

### IHG, Sydney — *Audio Visual Technician*

Jan 2006 - Feb 2008

## SKILLS

Elixir, Javascript, React, Node, Typescript, GraphQL, Elasticsearch.
